A Cordial Invitation...

We cordially invite you to be our guests on April 22, 1953. For over 50 years we have been breeding Polled Shorthorns in our family. In view of this fact, we decided to hold an auction worthy of a half-century of consistent progress.

We hope that you will arrive in ample time to permit an inspection of our battery of breeding bulls, the breeding herd, and the calves that are produced, as well as the cattle in the offering.

The cattle in this auction will speak for themselves. Our footnotes are facts and no descriptions are given. Our confidence in the cattle to be sold is unlimited. The greatest set of young bulls we have ever developed in over fifty years of breeding will be sold in this auction.

The females will be in just good, strong breeding condition. Many cows appear in this auction because of capital gains involved. They will prove a worth while investment for their new owners as they have for us. They are bred to great breeding bulls or have calves at foot by great bulls.

In loyalty to Polled Shorthorns we know of no method of opening up broader channels and more fertile fields, no means of creating greater interest, stimulating more breeders, than to offer this outstanding set of cattle. They are at the very peak of production efforts of many years. New owners, we sincerely hope, will carry them on to a further degree of success.

SHORTHORN SALE

"Great cattle have and are playing leading parts in the production of Thieman's Polled Shorthorns."

Championships galore have been won. Sales have been topped. Herds, large and small, have been improved through this breeding.

This book could literally be filled with photos of great cattle, bred in this herd and even then the size and space of this catalog would be inadequate.

It is fitting and highly proper to at least show the photos of those animals that have achieved International Live Stock show honors.

SHORTHORN SALE

Remarks

You have heard the expression "these are cattle that sell themselves." The above statement could certainly be said of the cattle the Thieman's are selling in their sale on April 22, because I know they have turned down many attractive offers for practically every lot that is listed.

It has been a great while indeed, since anyone has offered a stronger set of herd bull prospects than the grandsons of Killearn Max Juggler that are being offered in this sale. There is little doubt but what their good heads, strong tops, depth of body, substance and bulging quarters will have a great influence on the Polled Shorthorn breed.

The beef cattle business is certainly the bright spot in our entire agricultural economy and everything points to the fact that it will no doubt remain the most profitable phase of agriculture for many years to come.

I believe, too, that former Thieman customers will vouch for the fact that the Thieman's are the right kind of folks to buy from.

MERVIN F. AEGERTER, Sale Manager

We wish to take this opportunity to thank Howard Chamberlain for the great efforts he has put forth on our behalf in caring for our show and breeding cattle.

We also owe a real debt of gratitude to Al Morris, Bill Stark, Lester Bertz, and Dean Holthusen for their work with the cattle consigned in this auction.

SHORTHORN SALE

Standard Guarantee of the American Shorthorn Breeders' Association

1. Proper care must be given by purchaser to protect breeding qualities and health of guaranteed animals.
2. All bulls are guaranteed breeders, provided they are not allowed to serve when under 14 months of age, or allowed to run with the herd when under 20 months of age. In case of failure of a bull to be a breeder notice shall be given to the seller within six months of date of purchase, or by the time the bull is 20 months of age, if purchased under 14 months of age.
3. With the exception of heifers sold under 14 months of age, all females are guaranteed breeders. Heifers under two years of age shall not be served by a heavy or old bull. Cows or heifers sold as bred, or safe in calf, not proving to be in calf must be reported to the seller within three months after date of sale. Females over 14 months of age sold open, not settling within six months after date of sale, shall be promptly reported to the seller. Cows with calves at foot even though bred are not given any guarantee.
4. When an animal fails to comply with the above guarantee the seller has the option of substituting an animal of equal value to the satisfaction of the purchaser, or of having the animal returned for a trial for a period not to exceed six months. The expense of freight in such case is to be paid by the seller. If the animal is then proved to be a breeder beyond doubt it shall be returned to the purchaser at his expense. In case of dispute the return of the full purchase price, without interest, to the buyer will be considered full settlement and satisfaction of all claims. No charge for feed or maintenance shall be made by either buyer or seller. Salvage shall go to the seller. It shall be understood that the same guarantee given for the first animal shall likewise apply to any animal later substituted.
5. All animals are sold to comply with the laws regulating Tuberculosis and Bang's Disease of the state or country into which they may be shipped.
6. Certificates of registry and transfers will be furnished with each animal sold. A signed pedigree application for unborn calves should be furnished with bred females, showing names and record of sire and dam, as well as service date.
7. Shipment will be made as soon as possible after the close of the sale, but at purchaser's risk of loss or injury after animal is bid off.

KILLEARN MAX JUGGLER - Truly one of the greatest Shorthorn bulls that has ever been developed. He was bred and sold by Claude Gallinger, Tofield, Alberta, Canada, to the Thieman's as a calf less than 12 months of age. At 12 months of age he weighed 1075 pounds, and at 24 months of age he weighed 1750 pounds. He was used heavily while Thieman's owned him and they sold 19 heifers bred to him for an average price of \$1132. The best Thieman females were settled and safe in calf to him when on June 27, 1949, he was sold to Clausen Brothers at Spencer, Iowa. The Clausen's exhibited this bull at three of the greatest shows of the entire country, the American Royal National Shorthorn Show, the Eastern National Livestock Show, and the International Livestock Show. Killearn Max Juggler was undefeated for Grand Champion Bull at all three great shows. He won under what may have been a tremendous handicap because he was not handled or fitted as a show bull while in Thieman hands and when he won his highest honors, he had actually settled over 130 females with calf. He also won the British trophy for best animal of the show, bull or female at the International. Today, retired from the showing, his calves are proving his worth as a breeding bull. He is passing on his grand individuality, his great doing ability, and the actual meaning of that Shorthorn slogan, "weight for age". Every heifer calf that was born at Thieman's, sired by this bull has become a valued part of their breeding herd. None will be sold in this auction.

KING OF THE VANITIES — Thirteen of the fourteen cattle appearing on his pedigree were either International Champions or the sire or dam of an International Champion. A quotation from the special issue of the "Shorthorn World" is as follows: For the "most valuable Polled Shorthorn sire of 1948," this study points to King of The Vanities. He had the winning get-of-sire group at the Illinois State Fair and the third prize get at both the Congress show and the International. He sired the grand champion bull at Illinois, and the International and also the grand champion female at Illinois. Another indication of his prepotence and his popularity is the record his get compiled through the salering. Of the 24 entries that were sold for over \$1,000 at the International and Congress sales, eight were sons and daughters of King of The Vanities. King of The Vanities, from the data at hand, rates in our judgment "the most valuable polled sire of 1948."

King of The Vanities has sired three International Grand Champions. The Grand Champion Female of 1947, Clarissa Coronita 4th, the Grand Champion Bull of 1948, King of The Vanities 50th, the Grand Champion Female of 1949, Nonpareil Coronita 12th as well as countless winners in many important other shows. He is also the grandsire of both International grand champion bull and female of 1950 and great grandsire of the 1952 International grand champion female. His calves are now in South Africa, Argentina, Australia, Canada and all over this country. Nearly 40 of his best daughters are now valued members of the present Thieman breeding herd.

CORONET MAX JUGGLER - The first son of the International grand champion, Killearn Max Juggler and out of Revelanta Coronita x, a half sister to the International grand champion bull, Coronet Command. Seven of the cattle in his pedigree were either International champions or sire or dam of International champions. Here is one of the deepest bodied bulls we have ever used, consider some of his sons and daughters if you can use this important characteristic in your herd. This bull sired the grand champion and top selling bull of the 1952 Missouri State Polled Shorthorn Sale at Chillicothe. Also the top selling bull for Rocker Bros., at the 1952 Midwest Show and Sale at Alma, Nebraska.

downright depend-
able breeding**

Breeders have rewarded us at every sale with their confidence in Thieman productions. The 1953 offering will be by far the best yet . . . 18 cracking good herd bull prospects and a beautiful group of bred cows, cows with calves, bred and open heifers. The sale follows the great National Polled Shorthorn Congress at Hutchinson . . . in the two sales 180 lots of the cream of the nation's Polled Shorthorn herds. We are just 50 miles east of Kansas City on Highway 40. Don't miss a great two days.

We Challenge Other Breeds To Match Superior Shorthorn Performance at the World's Greatest Livestock Shows

1952 GRAND CHAMPION

Four Out of Past Five grand champion carloads of feeders were **SHORTHORNS** at National Western Stock Show in Denver, world's greatest feeder cattle competition!

1952 GRAND CHAMPIONS

Requiring 11¼ pounds less corn per pound of gain than all other cattle of another breed in short-fed classes, **SHORTHORNS** were grand champions of 1952 International. They dressed 63.2 per cent with four carcasses grading prime and 11 choice—proving **SHORTHORNS** are tops in both feedlot and packing house!

Half of All Grand Champion Steers at all postwar International Live Stock Shows world's greatest steer competition—that's the record of **SHORTHORNS!**

1953 GRAND CHAMPIONS

Seven Out of All Eight Chicago Feeder Shows, world's largest feeder competition, saw **SHORTHORNS** as champion yearling steers over all breeds.
